DIV. OF OIL, GAS & MINING

3. Report the gross amount of ore mined and waste moved, as well as the arrangement, positioning, or distribution of the material. 6,215 tons of stone were mined this year and transported and hauled to the Company's storage and operations yard in Hanna, Utah.
14,200 tons of waste material were moved to adjacent area designated for waste removal.
4. Briefly describe the type of work performed, during the past year. Trackhoes were used to remove the overburden and obtain the calcite stone boulders being mined. Dump trucks were used to haul the stone to the Company's operations and storage yard in Hanna, Utah.
5. How much **new or additional acreage** was disturbed during the past year? None
6. How much acreage was **reclaimed** during the past year? None
7. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results. (Submit form MR-SITE for an application for full or partial bond/site release).
All mining and reclamation work has been done within the 5-acre area approved for mining in this area by the Forest Service. No reclamation work has been done because of the limited amount of mining and waste disposal area involved. All work has been approved by the Forest Service.
8. What is the **total disturbed acreage of entire project** at years end? 5 acres.
9. Briefly summarize any mining and/or reclamation plans for the upcoming year.
A solid vein of calcite stone has now been accessed and quarrying of the solid stone will begin in the spring and summer. A significant amount of overburden will be removed and taken to the adjoining work area for reclamation in conjunction with the waste already removed.
10. The operator shall keep and maintain timely records relating to his performance under the Act, and shall make these records available to the Division upon request.

NOTE: Section III., "Additional Information" applies only to **large mining operations**.

III. Additional Information - R647-4-121.2

1. **Include an updated map depicting surface disturbance and reclamation performed during the year, prepared in accordance with Rule R647-4-105.**
